THE WORLD LEADING COMPANY FOR FURNITURE AND FITTINGS FOR THE BATHROOM

COMMITTED TO INNOVATION AND SERVICE

Comercial Salgar, S.A.U. Produces 100% of its units and markets top quality bathroom fixtures and fittings from its modern premises located in Zaragoza, Spain.

Our dedicated commitment to quality and service means we can offer our customers and distributors a wide range of products that cover all types of functional or decorative needs for the bathroom.

All of this has allowed us to enjoy a leading position and great prestige with our customers in the national market, as well as considerable brand recognition and the distribution of our products throughout the five continents, through our professional Sales and Distribution Network.

With 70 years' experience, SALGAR is present in nearly 75 countries around the world, thanks to our constant and long-lasting dedication shown to our customers from the local market and a definite drive towards international expansion which supports our strong business strategy.

This expansion policy is based on our permanent effort to achieve a solid and stable relationship with our customers by means of diversifying and adapting our products to meet the specific characteristics and needs of each and every one of the markets, offering an excellent service.

One of the essential pillars of this international growth and development has been the creation and consolidation of a sales team and a network of distributors that allows us to be in permanent contact with the market and the needs of our customers.

At Comercial Salgar, S.A.U. all the production processes are performed with great care: from taking receipt of the raw materials right through to delivering the product to the customer. By using the most advanced electronic and digital techniques we can monitor the whole process of production, storage and shipment thereby guaranteeing the quality of our products.

The international company SGS and the PEFC certification for Chain of Custody Management System, certify this quality, providing the safety, reliability and rigour that the market demands.

All these new articles, as well as the others in the catalogue, comply with the strictest criteria in terms of the quality and sustainability of salgar's manufacturing and marketing procedures

By obtaining the Chain of Custody certification through its Management System, in accordance with the international PEFC, SALGAR reinforces, in the development of its activities, its commitment to the environment and to promoting sustainable forestry management, that is socially beneficial and economically viable.

SALGAR has also implemented the stamp that certifies the manufacture of its bathroom furniture in Spain, and, in turn, extends its guarantee for consumers to 5 years for its bathroom furniture, showing its commitment to its customers.

COMMITMENT TO ENVIRONMENTAL SUSTAINABILITY

LOSE YOURSELF IN THE 2017 NEW PRODUCTS

OF THE CATALOGUE

YOU ONLY GET TO BE THE CONSUMERS' NUMBER 1 IN BATHROOM FITTINGS BY TAKING THE GREATEST CARE WITH EVERY LAST DETAIL OF OUR SUCCESSFUL RANGES, DESIGNED TO OFFER A UNIQUE, LONG-LASTING EXPERIENCE.

That's why we constantly strive to improve and offer bigger and better products and service so our customers' satisfaction exceeds even our expectations and has created a bond lasting almost 70 years now.

SALGAR DESIGNS A NEW COLOUR RANGE TO SUIT ALL CONSUMER TASTES.

Along with the Premium lacquered finishes that Salgar produces using its Roller Lacquer technology, which gives the units and accessories a higher level of gloss, protects them from bumps and scratches and means they do not fade over time, Salgar has 4 new wood finishes, that are unique, exclusive, designed to suit all consumer tastes and can be mixed and matched together, meaning the lacquered and wood finishes can be combined for all the accessories and units to be used with the new ceramic, paper or paint trends currently seen in bathroom décor.

The Salgar development team has worked on the basis of the exclusive NATURAL wood design, a Nordic, modern, young design, to create a world where textured wood transports us to more organic settings. So, with this idea in mind, we now offer the new SBIANCATO colour, a white wood that is subtle and harmonious for a bathroom full of light; but here at Salgar we have not forgotten the more classic tastes, with stronger personalities, that combine simplicity and elegance together with the creation of a functional and unique family bathroom; the BAHIA and ALSACIA wood finishes provide the options for these trends.

And of course, all the colours are designed to be mixed and matched with our exclusive Carbon-TX finish that is used on all the interiors of drawers and units and with the ALLIANCE series this finish can now be seen on walls with our cubes, niches and shelves.

FUSION LINE and FUSION CHROME ARE NOW BIGGER, BETTER LOOKING AND WITH NEW FINISHES.

La Familia Fusion, la más vendida del mercado da un salto hacia el The Fusion range, the market bestseller, has stepped into the future, with the aim of becoming even bigger, so it remains the first CHOICE in capitals. If in 2016 we added new metal fittings and new Carbon-TX finishes for the interiors, for 2017 Fusion comes with new finishes that guarantee that all our customers' bathroom projects can be completed with this leading range. So the Fusion family will be completed with 3 finishes using Roller Lacquer technology, gloss in White, Anthracite Grey and Taupe, together with the best selling wood finishes NATURAL, SBIANCATO and ALSACIA, making it the most special and unique coloured range on the market. The ALLIANCE accessories are ideal for finishing off the Fusion bathroom, available in various formats and in all the colours of the range.

THE SPIRIT SERIES IS NOW INCLUDED IN OUR GENERAL CATALOGUE.

Our latest launch, the Premium modular series with full extraction Hettich metal drawers, which combines units with niches, doors, 1 drawer and 2 drawers and countertops is now included in the Salgar General Catalogue to increase the range of products offered, so we now have the catalogue where you can find everything you need. To celebrate this we have added a new size for the 2-drawer unit, 120 size basin, for bigger, more spacious designer bathrooms. For this unit we have included basins of 120 made of ceramic or resin and with one or 2 taps.

SMALL BATHROOMS; BIG IDEAS.

At Salgar we are convinced that having the bathroom of your dreams shouldn't depend on the size of your bathroom. Less is more this year! We have added the NATURAL colour to the 35 and 40 Series, which is going to be a bestseller on the market, and we have added the ALLIANCE accessories to be mixed and matched with the ranges. The Jazz accessories have been included in the units to save space and we have introduced the HABITAT shower enclosures for small spaces. If your bathroom is only 2.5 to 3 metres big and you want to make the most of the space, you'll find everything you need in the 2017 Salgar Catalogue.

ALLIANCE, THE RANGE OF ACCESSORIES FROM SALGAR DESIGNED TO FURNISH AND MAKE THE MOST OF EVERY BATHROOM.

Since the very start it has been in Salgar's DNA to provide multiple solutions that complement and furnish washrooms making them functional and organised to suit all our consumers' needs. ALLIANCE was created with this premise, with two primary objectives: first, to offer the biggest range of accessories in different depths, widths and heights that can be mixed and matched together, as well as columns, vanity units, cubes and shelves to create a collection designed to suit any style and size of bathroom. The second objective is for all the present and future Salgar ranges of furniture to have their range of accessories products too, making them the most complete ranges on the market. To do this the Accessory series is available in the new coloured range designed by Salgar to go with the main Fusion or Spirit furniture ranges.

ACCESSORIES.

At Salgar we believe we are a supplier of complete solutions for bathroom fittings and fixtures. That's why we wanted to offer our customers more options this year, more ranges of accessories to complement our units. So, along with the JAZZ accessories that were designed by the Salgar development team and manufactured 100% in Spain, we have incorporated 2 new collections that include the great quality-price ratio of the ALFA range and also the more modern and unique design of the OMEGA series. Together with these ranges we have also added unique and different solutions for roll holders, freestanding trays or soap dish trays.

SALGAR SHOWER ENCLOSURES.

If last year we revolutionised the market with our new concept of shower enclosures launching the HELSINKI and HEAVEN enclosure ranges on the market, along with the CARCASSONE shower trays, this year we are taking our designs even further. Discover the HABITAT range designed for small spaces with its unique and revolutionary opening solution that gives you the largest opening on the market for small spaces. The RIOJA range of trays is new too; flat Class 3 resin trays with textured Stone, available in widths of 700, 800 and 900 and in 3 colours: White, Anthracite and Sand (these new colours are also included in the Carcassone range).

NEW ALLIANCE MIRRORED CABINETS AND LIGHTING.

With the same spirit that led to the accessory products, the range of Alliance Mirrored Cabinets was designed. With the exterior completely mirrored so it can be combined with any unit and with our Carbon-TX interior finish this explosive combination has also been industrially designed making it competitive and accessible. Because organisational spaces are very important, medicine cabinet, makeup or personal grooming items, we have also added a junction box and plug socket so you can dry your hair or charge your phone. As a separate complement we have also launched the ALLIANCE range of lighting, a fine but very bright, elegant strip that runs along the whole width of the Alliance mirrored cabinets forming one of the most attractive designer combinations of the 2017 Salgar catalogue.

MIRRORS WITH LIGHTING.

The world of LED lighting has advanced and Salgar has moved on with it. With the aim of incorporating into the catalogue designs and models made mainly in Europe that offer distinction and quality, this year along with the new CHICAGO product with anti-fog, we have also introduced the CANDEM, ROUND and TOULOUSE mirrors. But we're not just including new models, we're also extending the sizes of our best selling models, and they all come with the option or horizontal or vertical fitting and we have improved the quality to comply with the higher standard IP44.

AT SALGAR WE ALWAYS STRIVE TO SURPRISE YOU AND BE YOUR 1st CHOICE. BROWSE THROUGH THE FOLLOWING PAGES AND BE AMAZED AT SUCH A WIDE RANGE OF IDEAS FOR ALL THE TYPES OF BATHROOMS YOU CAN IMAGINE

Enhance the finishes of the FUSION CHROME Series with the elegant handles available.

Give it your own personal touch with the handles, you can choose from these options:

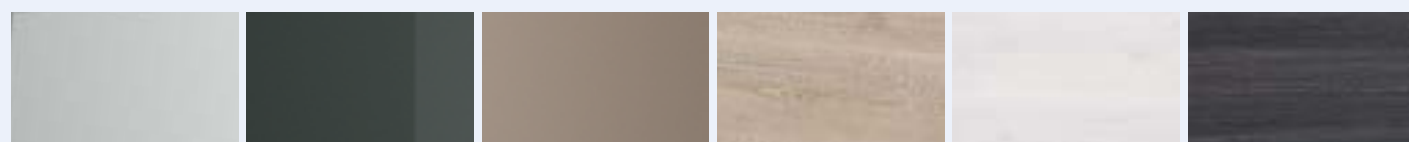

If you choose a 2-drawer FUSION CHROME unit, the CRETA handle is included. If you choose a 3-drawer FUSION CHROME unit, the RODAS handle is included. So you can mix and match with the auxiliary products of your choice, they come with the CRETA and RODAS handle.

Rebeca Muñoz: See prices on page 76-77

S40

3 AUXILIARY UNITS

Salsar

alliance

Designed to make the most of your bathroom walls.

Our exclusive finishes, as well as the range of measurements and open spaces, mean you can create the right setting for your style.

AUXILIARY UNITS

Make the most of your bathroom, using all the available wall space.

STORAGE UNITS

Make your bathroom furniture more functional and elegant with our storage units and their decorative colour cubes.

COUNTERTOPS

Bespoke units and everything to hand with the Alliance range of countertops, ready for you to mix and match with the modular series.

Auxiliary units depth 160

Mix and match them as you like! You'll find just what you want with our exclusive finishes. Furnish any available space, thanks to the shallow depth and large volume to store everything you need.

Exclusive Carbon-TX finishes, adjustable glass shelves with almost invisible drill holes to show off the interior order and elegance.

Our niches with TX finishes will add a touch of style and lightness to the arrangement you decide on.

Auxiliary units depth 350

Our depth 350 tall vanity units can hold everything you need in the bathroom.

The new columns of the ALLIANCE series that are deeper and taller, are ideal for storing everything your family needs.

If you like you can choose columns with handles and soft close to mix and match with our range of handles.

Storage Units

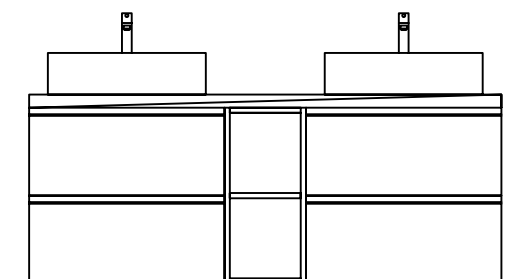

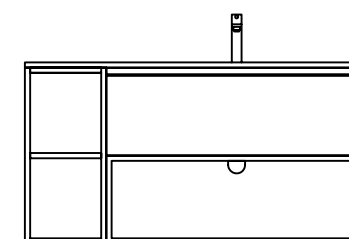

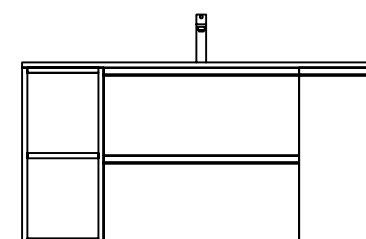

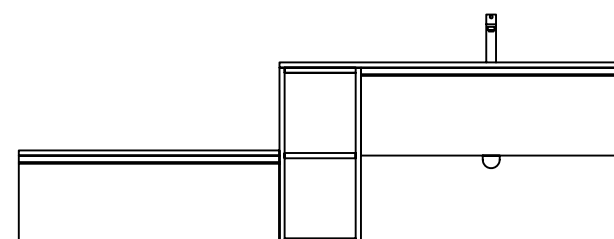

The Alliance storage units, along with decorative colour cubes, enable you make the units more functional with a light, modern style.

The storage units with horizontal niches are ideal for use with our 1-drawer vanity units. Give your bathroom design a touch of lightness and functionality.

Complement the storage unit area with the mineral load or ceramic side basins.

Countertops 16

The Alliance countertops let you change the appearance and adjust it to the size you need thanks to the wide range of measurements and the option of bespoke countertops.

You can use the countertops to put a freestanding basin on as well as serving as a top for a floorstanding storage unit.

Countertops 40/50

Our thicker countertops allow you to design more modern arrangements with their HPL finishes, they can withstand anything.

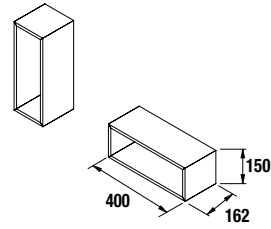

You can design them right down to the last millimetre to suit the needs of your bathroom space thanks to the option of bespoke countertops.

CUENCA

- Chrome steel tubes with white "epoxy", with no joints between them to guarantee they are watertight.
- Valid for the sanitary hot water supply, or for the electric system, filled with a thermo-fluid of high thermal inertia, with monotube reinforced resistance fitted with safety limiter and with a thermostat included.
- Always fitted to the wall in the vertical position using three supports as shown in the photograph, and in accordance with the distance to the floor and wall recommended in the diagram.
- The bleed valve is always situated on the top part of the radiator/heated towel rail.
- It is important to check the temperature of the radiator/heated towel rail to prevent any risk for children.

Detail of Dry Towel Radiator of 1180 H with 23 radiant tubes Ø 15 mm

HOT WATER

Chrome valve and lockshield valve, universal, suitable for any radiator on the market, includes set of chrome nuts for connection to copper piping of 15m/m or crosslinked or multilayer polyethylene piping with a diameter of 16 m/m

Ultra-Protect

Keep your Salgar shower screen looking brand new

Ultra-protect from Salgar is a 3-step system that guarantees minimum shower screen maintenance and antibacterial protection that lasts for years

- 1 ULTRA PROTECT PROTECT YOUR SHOWER SCREEN**
- 2 ULTRAPROTECT, KEEPS YOUR SHOWER SCREEN AS SPARKLING CLEAN AS THE FIRST DAY**
- 3 ULTRAPROTECT, from Salgar**

- Resilient even to hard water – easy to clean – prevents bacteria from growing.
- The screen can be cleaned with no need for abrasive products.

Ultraprotect from Salgar has been specifically designed to keep the shower screen not only looking clean but also hygienically clean, preventing the growth of bacteria.

THE FACTS: Shower screen glass gets dirty. Glass is a sensitive material that reacts to its environment. Soap, shampoo, mineral salts and limescale can all build up quickly on the screen. Over time, shower screens that are not protected have a permanent build up of this residue that can cause irreversible damage to the functioning of the screen. It becomes a mission impossible to get rid of these stains, no matter how and who tries to do it. Regular cleaning will not get rid of them, spoiling the look and functionality of your shower screen.

What is UltraProtect from Salgar and how does it work?

Ultra -Protect from Salgar is a 3-step system (cleaning-neutralising-protecting). Ultra-Protect from Salgar is a unique polymer that reacts with the glass, enhancing its basic qualities to an end product that requires very little maintenance and is antibacterial. After the treatment the glass becomes non-stick, preventing a build up of limescale and other residue and reducing the time needed for screen maintenance by more than 50% on average for a period of between 10 and 20 years (depending on the level of water hardness, and the specific use and maintenance of each user)

Shower tray

Salgar

Trays with smooth non-slip surface
 Maximum quality with class 3 certificate
 Ultra flat trays (2.8 cm)
 Very light and resistant to knocks
 Easy to clean, do not use abrasive products
 Gloss chrome stainless steel grate included
 Sanitary Gel Coat covering
 Anti-bacterial properties

The new range of RIOJA trays from Salgar are premium quality, offering great choice and design thanks to the Stone finish Stone that guarantees a better non-slip effect.

Maximum quality and features to design your bathroom.

We've got everything to suit your space:

You can choose a RIOJA tray in one of the 3 standard colours (white, anthracite or sand) or you can customise the colour to create a unique bathroom, choosing your favourite colour from the RAL colour chart.

And we can alter the size to suit your bathroom, choose your tray measurements to make the most of your space.

Combine our shower screens with the RIOJA shower trays and you've got everything you could need.

To order these trays state the CODE for the size chosen and indicate the RAL colour on the order form.

Delivery times for special sizes and/or colour: 3-4 weeks approx.

Trays customised with your chosen RAL colour cost an extra € 75 (on top of the price for the chosen size)

General sales conditions

1. PRELIMINARY CONSIDERATIONS.

When the customer places an order this means that for all intents and purposes he accepts these General Sales Conditions, a copy of which is his to keep, as the terms regulating the provision of the orders placed with COMERCIAL SALGAR, S.A.U. In the event that any or several of the stipulations of these General Sales Conditions, or any other that may amend or replace them, are cancelled or are impossible to enforce due to legal reasons, the validity of the other stipulations will not be affected which, in all cases, will remain in force. In the event of legal or extrajudicial insolvency, bankruptcy proceedings of the customer or a total or partial breach of the agreed terms, COMERCIAL SALGAR, S.A.U. shall be entitled to cancel the transaction without the need for prior notice and with the possibility of claiming the corresponding compensation for damages and loss.

2. PRODUCTS AND ORDERS.

COMERCIAL SALGAR, S.A.U. reserves the right to modify, in full or in part, the products shown in the current Catalogue at any time and without the need for prior notice or specific communication. COMERCIAL SALGAR, S.A.U. will not accept order cancellations more than 24 hours after the orders were received.

3. PRICES.

The prices shown in the current catalogue are expressed in Euros, they do not include VAT, nor installation costs and are the recommended retail prices. COMERCIAL SALGAR, S.A.U., may alter or amend its prices as it sees fit. The publication of the current Catalogue cancels all previous prices. In all cases, sales will be registered at the price in force at the time the products are dispatched.

4. PAYMENT CONDITIONS.

The Customer will comply strictly with the payment terms and conditions established in each case by COMERCIAL SALGAR, S.A.U.

5. GUARANTEE

The products supplied by COMERCIAL SALGAR, S.A.U., are guaranteed in accordance with the provisions established in the European regulations in force. Any claims made in writing within the five days following the delivery of the goods will be deemed valid. The COMERCIAL SALGAR, S.A.U. guarantee does not cover any damages to the goods attributed to the inappropriate installation, handling or use of the product.

6. BREAKAGES DURING TRANSPORT

The Customer is responsible for inspecting the products

COME IMPORTANT REMARK:

All the changes or modifications in the bath furniture and cabinets of this catalog, as for example: handles, door hand left, change of feets by wheels or viceversa (in the models that's possible to do), change of mirrors modules from right to left, change in mirror of wall hang system from vertical to horizontal, etc. has an increase of 15% on the price, after the feasibility confirmation from the factory.

The colors represented in photomechanical printing may have variations on colors and finishes of the original furniture. COMERCIAL SALGAR, S.A.U.

for any possible damage that may have occurred during transit. If any tear or breakage is detected in the packaging the sales representative and COMERCIAL SALGAR, S.A.U. should be notified within a period of 24 hours. The goods must be examined the moment they are received. If any defects or damage is seen in the packaging, the Customer should inform the employee of the transport company, so it is recorded on the delivery receipt and should also inform, by any means recording the receipt, the sales representative and COMERCIAL SALGAR, S.A.U. within a period of 24 hours. If no damage is detected, the Customer should accept the goods and write ACCEPTED PENDING EXAMINATION on the delivery note. If, once the Customer has examined the goods, any damage is detected, he should inform, by any means recording the receipt, COMERCIAL SALGAR, S.A.U. within the aforementioned period, otherwise COMERCIAL SALGAR, S.A.U. shall not be held responsible

7. RETURNS.

Goods may only be returned with explicit acceptance given by COMERCIAL SALGAR, S.A.U. The returned item should be sent back in the original packaging. Any possible claims regarding the condition of the goods should be made within the eight days following receipt of the product, attaching the order details and the invoice number. Special order returns will not be accepted for reasons not attributable to COMERCIAL SALGAR, S.A.U.

8. FORCE MAJEURE

COMERCIAL SALGAR, S.A.U. will not be held responsible for non-delivery or a delay in the delivery of orders if this is due to reasons of force majeure. Force majeure is deemed to be any circumstances beyond the control of COMERCIAL SALGAR, S.A.U. such as, among other things, strikes, lack of transport, accidents, fire, natural disasters, sabotage, etc.

9. LEGISLATION AND JURISDICTION.

If there is any discrepancy regarding the fulfilment of quality specifications and characteristics, the confirmation methods and standards of COMERCIAL SALGAR, S.A.U. will prevail.

For any other dispute that may arise from the interpretation or fulfilment of these General Sales Conditions and the resulting contracts binding the parties, Spanish legislation will be applicable. The Customer waives his right to any other jurisdiction and agrees to adhere to the jurisdiction and authority of the Courts of Zaragoza.
