ROUND I-SMART: THE MULTIFUNCTIONAL SINK MIXER COMBINING DESIGN AND TECHNOLOGY WITH FILTERED WATER IN FOUR VERSIONS.

Round i-Smart is a multifunctional sink mixer that transforms the water experience in your home. With a sleek design, available in two finishes: chrome and matt black and advanced technology, Round i-Smart offers four unique functions, all with filtered water: natural water, ultra-cold water, hot water and sparkling water.

The Round i-Smart sink mixer is equipped with an intelligent system that manages operation through an integrated compact computer. The system alerts you when the water filter or gas bottle needs to be changed, ensuring optimum performance at all times.

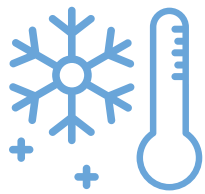

GENERAL FUNCTIONS

Round i-Smart transforms the kitchen into a healthier, more efficient and elegant space. A single sink mixer, four types of filtered water (natural, ultra-cold, boiling and sparkling) with a careful design and integrated technology to simplify your daily life.

NATURAL WATER

To enjoy pure and healthy water straight from the mixer.

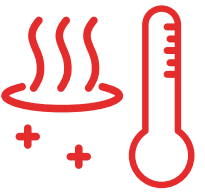

ULTRA-COLD WATER

Perfect for instant refreshment at any time.

SPARKLING WATER

Add bubbles to your favourite drinks, straight from the mixer.

BOILING WATER

Ideal for preparing coffee or tea safely, thanks to the system that prevents scalding. Hot water temperature configurable from the CPU between 60 and 98 °C.

NATURAL WATER

To enjoy pure and healthy water straight from the mixer.

PURITY IN EVERY DROP

Enjoy crystal clear, clean water straight from your sink mixer. The natural filtered water function removes impurities, providing a pure and healthy taste ideal for drinking or cooking.

ULTRA-COLD WATER

Perfect for instant refreshment at any time.

REFRESH YOUR SENSES

Perfect for those hot days or for serving an instant drink. With the ultra-cold filtered water function, you'll always have fresh water ready to hydrate you in the best way.

SPARKLING WATER

Add bubbles to your favourite drinks, straight from the mixer.

CUSTOMISED BUBBLES

Add a touch of fizz to your favourite drinks with the filtered sparkling water function. For lovers of bubbles.

BOILING WATER

Ideal for preparing coffee or tea safely, thanks to the system that prevents scalding. Hot water temperature configurable from the CPU between 60 and 98 °C.

MAXIMUM COMFORT AND SAFETY

Prepare coffee, tea or any hot beverage without the need to boil water separately. This system not only provides instant boiling water, but is also designed with a safety system that prevents scalding, offering peace of mind for the whole family.
